

ATTENDANCE BIG AT FAIR

Over 7500 Attended Brattleboro Fair

DRIVER IS FINED \$25

J. W. Burton of White River Junction Is Accused of Queer Driving—One Event Unfinished.

Brattleboro, Oct. 1.—The second day of the 24th annual Valley fair brought out a few hundred more people than did Wednesday, when 7,010 people visited the fair. Yesterday's attendance was given out in a sworn statement last night was 7,507. Judging in all of the principal classes was carried on without interruption and last night the judges had finished in most of the important classes. The draft came took up considerably time and several of the big beasts will be tested again today. Judgment on the Morgan horses, of which there are a large string at the fair, will also be rendered today.

Early in the afternoon, a south west wind brought up a large bank of clouds and it looked as though rain was coming to mar the second day's racing, but it shifted into the east in time to save a shower and all the events were run off as scheduled, the races being hotly contested in all but the race for Windham county horses, which was won in a walk away by Theodore K. the horse owned by George Elderman, of South Vernon.

In the last heat of the 2:24 pace and 2:20 trot, J. W. Burton, of White River Junction, who had been driving his mare Romy Ann, gave her into the care of Lang, another driver and in the next heat, Romy Ann obtained a lead of three lengths at the start on Watago, who ran a fine race, winning neck and neck with Burton Wedgwood. At its conclusion the judges announced that Burton had been fined \$25 for not trying to win the last heat and that he had been suspended until payment of the fine. His driver, Lang, is to be paid \$25 for driving the race when the money is paid to the Valley Fair association by Burton.

Sundown prevented the finish of the 2:30 stake trot, which was run off this morning at 10 o'clock. The track was in excellent condition and was much faster than Wednesday. The big free-for-all takes place today. The summary:

GOOD RACING AT COLUMBUS.

"El" Wins Free-for-All Pace in Three Straight Heats.

Columbus, O., Oct. 1.—The racing at the grand circuit met here yesterday was productive of some fast and exciting events, one class, the 2:15 pacing division being unfinished after three heats had been pulled off. Alcyrafs Alcyon won the first two heats, but in the third, leaving the winner undecided. Paderewski was close on the heels of Wilkes heat in the 2:07 trotting class, while "The El" won the "Free-for-all" pacing division in straight heats. His best time was 2:04 1/2.

SPITTING NUISANCE

Hawking and Spitting Is Caused By Catarrh Gums.

If the local authorities want to stop the disgusting habit of spitting mucus on the sidewalks, they had better instruct the people as to the best method of killing the catarrh germs and curing catarrh.

You can easily tell by reading the symptoms below whether you have catarrh or not:
Offensive breath, frequent sneezing, discharge from nose, stoppage of the nose, huskiness of the voice, itching in throat, droppings in throat, a cough, pain in chest, loss of strength, variable appetite, spasms of coughing, loss of sleep, raising of mucus, difficulty in breathing, loss of vital force.

The Red Cross Pharmacy has a sensible remedy (money back if it fails) for catarrh, called Hyomei, which is a vaporized air so antiseptic that when it is breathed over the inflamed and germ-infested membrane, it kills all germ life and cures catarrh.
The price, including hard rubber inhaler, is only \$1.00, and money back if it doesn't cure. Extra bottles, 50 cents.
"I have tried almost every catarrh cure on the market without benefit. Have been using Hyomei for one week and feel like a new man already."
—Wm. V. Goode, Newark, Ohio, June 21, 1930.

Base Ball Notes.

William Brannan, the new National league umpire, is a big man, standing six feet three inches high.
It is peculiar fact that Manager Clark of Pittsburgh always has a midge on third base, namely, Leach, Sheehan, Barbeau, and now Byrne.

Pitcher Falkenberg says that he will do no more bowling this winter, as it hardens his arm so that it takes some time to get limbered up to be in a fit condition to pitch.

The Boston Americans have drafted Jack Anthony, an Indian pitcher, from the Greensboro club of the Carolina association.

There were five double headers in the major leagues Wednesday. Chicago and Philadelphia were the only teams who broke even.

The Senators trimmed Cleveland in good shape Wednesday in the double header.

Rumors have been about the latter part of the base ball season that LaJoie will not be with the Naps next season. If that is true, there will be plenty of other fans ready to snap him up. Hugh Jennings has already put in a bid for him for the Detroit team.

NO ARBITRATION IN OMAHA.

All Efforts to Settle the Strike Are Futile.

Omaha, Neb., Oct. 1.—All efforts to bring about a settlement of the street car employees strike by arbitration have so far been ineffective. Last evening fifty business men of the city called on President Watters of the street railway company and urged him to agree on some plan of arbitration, representing to him that the present situation is a disaster to the city. Nothing resulted from the conference.

A statement by the management of the Ak-Sar-Ben festival, which opened yesterday, shows that the attendance was 45 per cent. less than on the opening day a year ago. This is regarded as wholly due to the street car strike.

BINDER TRUST HITS PRISONERS.

Indiana Penitentiary Plant May Have to Go Out of Business.

Indianapolis, Oct. 1.—The state prison board met with Governor Marshall here to consider the possible abandonment of binder twine making at the Michigan City state prison. It was announced that the National Harvester company has closed a deal with the authorities in Yucatan, where all the binder twine used in the world's manufacture of binder twine is grown, by which the authorities have agreed to hold up the price of the raw material to prison plants and to independent establishments, so that they cannot buy and manufacture the twine at a cost to enable them to undersell the trust.

BRYAN OPPOSES DEBATE.

He Says It Would Divert Attention From The Issue to Individuals.

Lincoln, Neb., Oct. 1.—W. J. Bryan had nothing to add yesterday to his statement Wednesday night regarding the proposed debate between himself and Senator Bailey at Atlanta except to repeat the objection which he made when the subject was broached at El Paso, Tex., namely, that the debate would tend to divert from issues to individuals. Mr. Bryan's letter explaining his position in detail will be made public at Atlanta.

TENNESSEE "OASIS" NOT LOST.

The Report of Saloon Burning Is Incorrect.

McMinnville, Tenn., Oct. 1.—The "Oasis," the mountain top saloon near here and the only place in the state where liquor can be sold legally, was not burned, as reported early this week. The denial of the burning story reached here today.

TAFT HITS "PAY STREAK"

A Happy Day at the Seattle Exposition

HE IS FOR SHIP SUBSIDY

His Declaration Makes a Hit With His Hearers—Visits the Fair Again Today and Leaves at 4 O'Clock for Tacoma.

Seattle, Oct. 1.—As President Taft was walking through the Utah building at the exposition here yesterday afternoon, a pretty girl squeezed in between the secret service guard and said: "Oh, Mr. President, I'm in the advertising department, won't you sign your name to my book?" "Well," said the president, with a smile, "I don't know but what I might, as we're in the same business." Whether the president meant that he was advertising his own wares or whether he intended to convey the impression that he was being used to boost the Seattle show, "deponent sayeth not," but the fact is, nevertheless, that it was a good day for President Taft and fairly good for Seattle.

President Taft's out and out declaration in favor of ship subsidy legislation in the coming session of Congress and the upbuilding of the merchant marine, both on the Atlantic and Pacific coasts, was received with enthusiasm by an audience of 15,000 people. The president's definite recommendation in regard to the strengthening of the American merchant fleet in the Pacific, will in the opinion of his friends here will be a greater Taft "advertisement" in the Pacific states than anything he has done since he became president.

President Taft proposed that the \$6,000,000 or \$7,000,000 of profit on the foreign mail business shall be applied to the upbuilding of the merchant marine. This in the president's opinion, would be sufficient to put two or three original lines and several lines running from eastern points to South America, on a satisfactory basis.

The president will visit the exposition again today and will leave at 4 o'clock by boat for Tacoma.

ENDS WIRELESS MONOPOLY.

England Now Opens up the Marconi System.

London, Oct. 1.—The government after prolonged negotiations, has completed arrangements to take over all the coast stations of the Marconi wireless system, excepting the long distance stations at Poldhu and Clifton, which the company retains for its projected transatlantic service. The government pays \$75,000 for these stations and gets also the right to use all existing patents and all improvements made during the next fourteen years. Under the control of the British post office, the Marconi stations will be opened for communication equally with all ships, irrespective of their wireless system. Hereafter the Marconi company has endeavored to persuade all ships to install its system. The post office is taking over also all the Lloyd's wireless stations. The admiralty has long urged the vital importance of vesting the control of wireless telegraphy in the post office and there is a widespread sentiment against allowing the establishment of a private monopoly in wireless telegraphy.

PUSHING WRIGHT OUT.

Curtiss Ordered to Show Cause Why Injunction Should Not Be Granted.

Buffalo, N. Y., Oct. 1.—Judge Hazel in the United States circuit court yesterday issued an order in action by the Wright brothers against Glenn H. Curtiss and the Herring-Curtiss company of Hammondsport, N. Y., commanding the defendants to show cause on or before Oct. 14 why a preliminary injunction should not be granted in favor of the complainants to restrain the defendants from making, using or selling the so-called Curtiss aeroplane, and particularly restraining the defendants from conducting public exhibitions and flights of such machines. The case will be argued on Oct. 1.

WANTED: 50 MEN AND WOMEN

D. F. Davis the enterprising druggist is advertising today for fifty men and women to take advantage of the special half price offer he is making on Dr. Zovarski's celebrated specific for the cure of constipation and dyspepsia, and get a fifty cent package at half price, 25 cents.

So positive is he of the remarkable power of this specific to cure these diseases, as well as sick headaches and liver troubles, that he agrees to refund the money to any customer whom this medicine does not quickly relieve and cure.

With Dr. Howard's specific at hand, you can eat what you want and have no fear of ill consequences. It strengthens the stomach, gives perfect digestion, regulates the bowels, creates an appetite, and makes life worth the living.

This is an unusual opportunity to obtain 50 doses of the best medicine ever made for half its regular price, with the personal guarantee of a well known business man to refund the money if it does not give satisfaction.

ALL YOUR STOMACH TROUBLE VANISHES

Indigestion, Gas, Heartburn, Dyspepsia and Other Stomach Distress Goes and You Will Feel Fine in Five Minutes.

Every year regularly more than a million stomach sufferers in the United States, England and Canada take Pape's Diapiesin and realize not only immediate but lasting relief.

This harmless preparation will digest anything you eat and overcome a sour, gassy or out-of-order stomach five minutes afterwards.

If your meals don't fit comfortably, or what you eat stays like a lump of lead in your stomach, or if you have heartburn, that is a sign of indigestion. Get from your pharmacist a 50 cent case of Pape's Diapiesin and take a dose just as soon as you can. There will be no sour eructs, no belching of undigested food mixed with acid, no gassy or out-of-order stomach, fullness or heavy feeling in the stomach, nausea, debilitating headaches, dizziness or intestinal griping. This will all go, and besides, there will be no sour food left over in the stomach to poison your breath with nauseous odors.

Pape's Diapiesin is a certain cure for out-of-order stomachs, because it takes hold of your food and digests it just the same as if your stomach wasn't there.

Relief in five minutes from all stomach misery is waiting for you at any drug store.

These large 50 cent cases contain more than sufficient to thoroughly cure almost any case of dyspepsia, indigestion or any other stomach disorder.

WHEAT PRICES SOAR.

Advance Fourteen Cents a Bushel in Chicago.

Chicago, Oct. 1.—September wheat, which, aside from occasional nervousness, has seemed to be dying a natural quiet death, jumped suddenly into sensational prominence during the last half hour of business on the board of trade yesterday, advancing by leaps and bounds 14 cents over Wednesday's close to \$1.20.

Scenes yesterday rivaled the famous Patten corner in 1902, when the price of wheat for September delivery was advanced to 30 cents, compared with the closing price of 44 1/2 cents Wednesday.

Knowing that there was a short interest in that option estimated at 2,000,000 bushels, shorts bid furiously for the grain in an effort to close up their accounts before the expiration of the time limit, this being the last day on which deliveries could be made.

The sensational advance, which makes a total gain for the week of more than 10 cents, was due to the concentration of the bulk of the contract grade grain in the hands of a few leading cash grain interests.

SLIPPING CLAY OF GATUN DAM.

May Be Remedied Like That of New Mexico.

San Antonio, Tex., Oct. 1.—On the result of the visit to Mexico of Col. Gen. W. Goethals, chief engineers of the Panama canal, may depend the method to be pursued in constructing the Gatun dam, in Panama. Col. Goethals passed through San Antonio yesterday, en route to Mexico City.

He will inspect, he explained, the Neacoma dam, where recently the slipping of a section of the clay and sand occurred, and the accident was successfully remedied. A similar happening befell the Gatun dam in Panama.

COLD KILLS MEXICAN CROPS.

Total Damage Is Estimated at \$20,000,000.

Mexico City, Oct. 1.—Unprecedented cold weather in the valleys in the vicinity of this city has destroyed the corn crops. It is estimated that the loss will reach \$20,000,000. The thermometer yesterday morning registered two degrees below freezing.

MEXICAN CORN CROP.

Mexico City, Oct. 1.—Unprecedented cold weather in the valleys in the vicinity of this city destroyed the corn crops. It is estimated that the loss will reach \$20,000,000. The thermometer yesterday morning registered two degrees below freezing.

VAHEY AND FOSS

Head Massachusetts Democratic State Ticket.

Boston, Oct. 1.—At the Democratic state convention held here yesterday afternoon, James H. Vahey of Watertown was named as the standard bearer of the party in the fight for the governorship this fall. His running mate on the ticket will be Eugene N. Foss, hitherto a prominent manager of the Republican party and numerous times a candidate for congress, his nomination in that party being on a reciprocity platform.

The other candidates nominated are: for secretary of state, David T. Clark of Williams college; for state treasurer, J. H. Bryan of Westfield; for state auditor, Alexis Boyer of Southbridge and for attorney general, Harvey N. Shepard of Boston.

MUST GO BACK TO JAIL.

Charles W. Morse's Bail Expires on October 9.

New York, Oct. 1.—Unless some legal loophole is discovered, Charles W. Morse, the convicted financier, will have to go back to the Tombs, owing to a lapse of two days between the expiration on Oct. 9 of his bail bond of \$125,000, and the calling of his case before the United States circuit court of appeals on Oct. 11.

Mr. Morse and his lawyers spent most of the day in the federal building, where conferences were held with Judge Lacombe and representatives of the United States attorney's office, in an effort to have his bail extended. It was said, however, that only the United States court of appeals could grant such a request and that court does not meet until Oct. 11. It is expected therefore, that Morse will surrender himself on Oct. 9. It has become known that Morse has regained control of the Hudson Navigation company and has been elected president. It is expected that he will resume active charge of the Metropolitan Steamship company after the foreclosure sale on Oct. 8, thus fulfilling the predictions that he would recoup his shattered fortunes to some extent. The Hudson Navigation company was owned by Mr. Morse for several years before the formation of the Consolidated Steamship line was undertaken. It was never merged into this concern, but always remained an outside proposition. It absorbed the New Jersey Steamship company (People's Line) and acquired control of the Citizens' Steamboat company of Troy. The Murray line was taken over early in 1908. The authorized capital stock of the company is \$5,000,000. The company operates seven steamers, among them the Charles W. Morse and the Adriatic, plying between this city, Albany and Troy.

JUDGE GAYNOR NAMED

For Comptroller—Robert R. Moore, of the Borough of Manhattan.
For President of the board of aldermen—John E. Galvin, of the Borough of Manhattan.

BANK ROBBERED OF \$10,000.

Daring Work by Two Bandits in Glenwood Springs, Col.

Glenwood Springs, Col., Oct. 1.—Two armed men were securing the mountains in the hope of capturing the two bandits, who were held in custody at the Citizens' National bank of Glenwood Springs of \$10,000. The robbery was one of the most spectacular ever known in the West. It took place in broad daylight while the street in front of the little bank was thronged with summer resorters. The robbers allowed their way through the crowd and entered the bank.

F. E. Drach, the acting cashier, was at the window. The robbers wore no masks. Drach and his bookkeeper were compelled to throw up their hands, and as they did so, one of the men emptied the contents of the safe into a sack and the two made their way out of the rear door, mounted horses and galloped for the mountains. The old trail from the once notorious Jackson's Hole to Mexico passes in this vicinity, and it is thought the bandits have gained this trail and are on their way to Mexico. In this event, the officers believe the chances of the bandits are good for escape. During the flight one of the bandit's horses was shot down, but the men continued their flight on the one remaining animal.

STATUE OF HUGO UNVEILED.

Rodin's Work Seen at Paris Celebration.

Paris, Oct. 1.—Rodin's statue of Victor Hugo was unveiled in the garden of the Palace Royal with elaborate ceremonies yesterday, and the week's celebration to commemorate the fiftieth anniversary of the appearance of the "story of the centuries" were thus inaugurated. There will be a ceremony at the Pantheon, a revival at the Comedie Francaise of "Le Roi S'Amuse" and a ceremony in front of Notre Dame with a procession of vagabonds carrying colored torches.
